#### FOR MICHIGAN.

We are authorized to announce M. B. SHAW as a candidate for the office of State Senator, at the ensuing election.

We are authorized to announce M. B. SHAW as a candidate for the office of State Senator, at the ensuing election.

Mr. MILLER, replying to a letter from Speaker Crisp, declined to accept the second place on the Ways and Means Committee.

The Republicans of the Northwest, it is said, will support Governor Morton, of Minnesota, for the second place on the Republican National ticket in 1892.

The task of the Legislature of the State pending is requiring railroads to furnish separate coaches for white and black, has, it is said, stirred up some opposition from the negroes.

PEPPER, the Kansas freak has allied himself with the Republicans in the Senate, and is expected to receive four committee assignments.

Why not? He has always been a Republican.

The young Democracy of Massachusetts in the middle. Russell was re-elected Governor, and Matthews, the energetic young mayor of Boston, has just been re-elected by an increased majority.

FANNIE EDWARDS, the little girl preacher, who is but 13 years old, is now the sensation of the country. She is an evangelist and gives her aid to all churches, although she is a member of the Methodist church.

The Republicans in Congress this year will be a very hard nut to crack. There are so few of them that they will have to be "out" on the committee on an ad hoc basis.

It is a sensible master of the Florida State Orange. He advises the farmers to give up the idea of a colony in Florida, for they are engaged in that business stick to their work and take care of what they make. His language is a little rough, but he can see through the ground.

SENEGAL'S territory is under the Federal Constitution requiring the election of United States Senators by the vote of the people is not likely to be adopted for a good many years to come. In the meantime the people can choose their Senators by direct vote wherever all parties are forced to nominate as the Democrats did in Illinois.

ROGER C. MILLER has announced that he is a candidate for United States Senator, and it is probable that the Texas Legislature will elect him. Democrats throughout the country have applauded his nomination. Those who opposed Mr. Miller for the Speaker ship were not without cause, they esteemed him highly, but they believed the party's interests would be safer in other hands.

A REPUBLICAN paper in New York has been fighting on the free coinage vote in Congress. The bill which shows the Democrats and Alliance men in the House 162 are in favor of a free coinage bill. It is thought that such a bill will probably pass the Senate, though in the event of the President vetoing it the veto would be maintained as the silver advocates are not strong enough to reach the bill over Harrison's veto.

The President continues to insist upon the plan of Federal control of Congressional elections, but since he can't get it in his own hands now, he is willing to have a Commission appointed to study the matter, and recommend some measure for that purpose. In the meantime, however, the event of his re-election, the Force bill of infamous members of Congress, and a Republican majority in both Houses of Congress should give an opportunity for its passage.

The probability is, says the Palmetto News, that a large river bill will be introduced in this Congress. The members from districts on the waterways all desire appropriations. The importance of the river is the one great point to restrain the voracity of the crocodiles. If it was not for the river transportation, it would be hard to estimate prices which railroads would require. Some idea of them may be had from the rate of freight charged to what are known as way stations, which are not on navigable streams. If there is one point more highly essential to the commercial world than another, it is the sharp competition which water transportation gives to railroads. The river must be provided for.

### Cleveland will not Accept.

A purported interview of President Cleveland with Senator Canfield, which may or may not be true, makes Mr. Cleveland say that he is not a candidate for the Democratic nomination for President.

It is a curious coincidence that he has enjoyed the great distinction of having been President of the United States, and still being a candidate for the office.

### Aid to Private Schemes.

Those who had the patience to read the message of President Harrison will doubtless recall the eloquent endorsement of the Nicaragua Canal and his suggestion that the United States should guarantee its bonds and thus become its financial sponsor.

Now the Nicaragua Canal project is the Nicaragua enterprise conceived by Mr. Warner Miller, of New York, and others who organized the Warner Miller Construction Company for the purpose of putting it through.

Now have found that the undertaking was not a small one by any means. It is a project to build a canal 160,000,000 to complete it, and as Mr. Miller is a Republican it was not unusual that the project should occur to him of getting government aid. We have an indication in admitting that the Nicaragua Canal is a valuable commercial enterprise, but it is not to be constructed by private capital. It is to be constructed by the United States government.
